GENERAL SECRETARIAT

Dated 14th March 1946.

No. S. R. 4652—L.W. 23-44-5. In exercise of the powers vested in them under Section 31 of the Mysore Workmen's Compensation Act XIV of 1928, as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the following draft amendment to Rule 11, of the Mysore Silicosis Rules in respect of the post-mortem examination of the body of a workman suspected to have died of silicosis.

Any objection or modification, etc., to the proposed rule may be sent by any person, in writing, to the undersigned, within three months from the date of publication of the notification in the *Mysore Gazette*, after which the draft amendment published will be taken up for consideration.

Any objections or suggestions received after that date will not be taken up for consideration.

"For the existing Rule 11, substitute the following:—

11 (*a*) Whenever the Commissioner considers it necessary to be satisfied by post-mortem examination whether a deceased workman had silicosis, he may, after obtaining the consent of the legal representatives of the deceased to the performance of such post-mortem examination request any Government Medical Officer to conduct such an examination. The legal representatives of a deceased workman suspected to have died of silicosis may also apply to a Government Medical Officer to conduct a post-mortem examination. In either case a Government Medical Officer shall, without avoidable delay, conduct the post-mortem examination in sub rule (*b*) and forward his report to the Commissioner in Form "E".

(*b*) In each and every case where a post-mortem examination is performed by a Government Medical Officer at the request of either the Commissioner or the legal representative of a deceased workman, a Medical Examiner nominated by the employed under whom the deceased last served, who would be notified by the Government Medical Officer for the purpose, shall be given an opportunity by the Government Medical Officer conducting the post-mortem examination to be present at such post-mortem examination to either agree or disagree to the findings of the Government Medical Officer. In the event of disagreement, a copy of the report on the case with the pieces of the lungs shall be forwarded by the Government Medical Officer for opinion to the Medical Bureau who will, in turn, forward their report to the Commissioner: Provided that in such cases where it is not possible for a Medical Officer nominated by the employer to be present at the post-mortem examination, it shall be in order for the Government Medical Officer to perform the post-mortem examination expropriomortem and his report thereon shall be final."

DEVELOPMENT SECRETARIAT

Official Memorandum dated 6th March 1946.

No. D. 6749—I. & C. 43-44-54. The following Press Note dated the 23rd November 1945, regarding certain modifications in the scheme for registration of post-war requirements of capital goods, issued by the Government of India, are republished for general information, in continuation of the previous notifications on the subject published in the *Mysore Gazette* dated 15th February 1945 and 30th August 1945, respectively.

Facilitating Capital Goods Imports.

With a view to facilitating early consideration of applications for registration of requirements of capital goods for the cotton textile industry, it has been decided that the Deputy Chief Controller of Imports, Bombay, who is the licensing authority for cotton textile machinery, millstores, and component parts, should receive such applications on behalf of the Chief Controller of Imports, New Delhi.

Applications for registration of such goods should therefore, in future be addressed to the Deputy Chief Controller of Imports, Bombay, in the first instance, in the prescribed form.

It has also been decided that imports of capital goods for stock and sale, whether for the requirements of the cotton textile industry or any other industry, will require registration only, if the value of any of the individual units included in the stock order is Rs. 25,000 and over (or Rs. 10,000 and over in the case of machine tools), irrespective of the total value of the order.

It has further been decided that, in future, when once an application has been accepted for registration, an import license will be issued as quickly as possible after issue of the Registration Certificate, from whatever country import has been registered and whatever the goods concerned. In other words acceptance of registration carries with it automatically the right to an import license.
